Sandgate Library *Knit and Natter* group has been meeting regularly for the past ten years or so, every second and fourth Tuesday in the month between 10a.m. and noon. Over recent months the group has increased in membership and now the circle of chairs often needs to enlarge itself a few times during each session as members arrive to join in. We don’t only knit, some of us crochet too and there’s even the odd bit of sewing done as well. *Knit for Peace* is just one of the many worthwhile causes our members choose to support. This organisation, based in London, collects handmade items from groups like ours, and individuals, from across the British Isles and distributes these to wherever in the world there’s a need.

Our members regularly donate blankets, scarves, jumpers for children and adults, hats, gloves, teddy bears and the amazing *‘Twiddlemuffs’* used to help patients with dementia or post operative hospital patients. More information about these unique creations may be found on the *Knit for Peace* website [https://knitforpeace.org.uk/](https://knitforpeace.org.uk/), or by visiting their Facebook page where you may also see a picture of a recent cardigan knitted by one of our members, Janice, which was featured as the *Knit of the Day!* Or, of course, you can always come along to join us in Sandgate Library for one of our regular meetings and learn first hand about what we do.

We don’t always give everything away of course we are allowed to make ourselves something!

The charity that supports the RAF family
Hythe & Romney Marsh Branch
We believe every generation owes a debt of gratitude to the RAF and their families. To protect the peace and safety we enjoy every day, they sacrifice the normal way of life most people take for granted. When someone in the RAF family needs help, the charity they turn to is the Royal Air Forces Association.
We meet second Thursday of the month at 7.30 pm at the Royal British Legion, St Leonards Rd (now called Hythe Sports Club) for social get together interesting speakers, raffle, snacks
We welcome anyone interested in helping promote our national charity - Wings Appeal - to join us. A RAF family connection would be ideal but is not mandatory.
Please help us by making a donation to

The Chichester Hall is proud of its relationship with its hirers some of whom have held their weekly activities at the Hall for more than a decade. Although the hirer is responsible for promoting their activity, the Hall will work with them to help achieve their objectives. This can include advertisements in The Sentinel magazines, social media campaigns and pages on the Hall’s web site - all free.

One of our hirers has been so successful, they have had to secure larger premises. We have, therefore, an evening session available.

If you are looking for a larger space or at starting a new activity, do email David on david@chichesterhall.co.uk who will be happy to discuss the options available.

Thank you.

Private Tuition: Why Tuition Centres are becoming more popular

Tutoring is more popular than ever, but the type of tuition parents opt for is changing. Why are modern parents increasingly choosing tuition in a study centre?

Home tuition on a one-to-one basis can put a lot of pressure on a child. All that attention can be unnerving, with the child enduring an unrealistic learning environment in which he or she is the sole learner, questioner and respondent. Going to a study centre eases these potential pressures. First Class Learning centres, and others like them, provide a stimulating place for students to learn alongside a few others of similar age and ability, which means pressure is taken off individuals while allowing for one-to-one help from the tutor when needed.

Another advantage of study in a study centre is cost. A good, qualified tutor can charge £25-£35 per hour or more, so one hour a week works out at least £100-£140 per month for just one subject, compared with £60 per month per subject at a study centre. No wonder it seems like such an attractive offer to parents to see their children start to enjoy learning and developing real independence.
